

Hello I'm Tammy White.

I am a dedicated educator and the **founder of Mrs. Field's Closet**, a growing nonprofit that ensures students have access to essential hygiene products, school supplies, and clothing so they can learn with confidence. With a Master's in Elementary Education and years of teaching experience in Minot, I am committed to nurturing dignity, belonging, and brighter futures for every child.

## Our Vision

We envision a future where every child's potential is nurtured, their needs are met, and their dreams are within reach. By offering vital resources and fostering a sense of community, we strive to remove barriers that hinder a child's success.

## Our Mission

Mrs. Field's Closet is a non-profit organization dedicated to providing essential life necessities within a supportive school environment. We believe that every child deserves the opportunity to learn, grow, and thrive, no matter their circumstances.
